MARSHFIELD'S COVID – 19 TASK FORCE UPDATE

September 4, 2021

Task Force: Police, Fire, Board of Health, Board of Selectmen, Emergency Operation Center, Town Administrator, Schools, DPW and Council on Aging, Building Commissioner, Treasurer, Town Counsel and IT:

We are continuing to see an increase in COVID-19 cases in Marshfield. As of Saturday September 4th, 2021 the number of confirmed cases in Marshfield is 1,979. The number of probable cases (positive antigen tests) is 626, which we are reporting separately and not grouping with confirmed cases, in accordance with DPH COVID-19 data reporting. Total number of tests performed to date is 51,983. We regret to report that to date, there have been 37 deaths in our community attributed to COVID-19. The numbers we provide are cumulative data from January 1, 2020 to the present date.

Below is the latest data from DPH's report from August 22nd - September 4th, 2021:

- **Total number of confirmed cases is 62, total probable is 23.**
- **Percent positivity 3.76% (up from 3.52%)**
- **Average daily incidence rate per 100,000 the last 14 days is 16.3 (up from 15.2)**

BOSTON — This week the Baker-Polito Administration announced that the Commonwealth is on track to meet the goal of vaccinating 4.1 million residents by the first week of June and all remaining COVID-19 restrictions will be lifted effective May 29.

The Commonwealth's face covering order will also be rescinded on May 29. The Department of Public Health will issue a new face covering advisory consistent with the Centers for Disease Control and Prevention's updated guidance. Face coverings will still be mandatory for all individuals on public and private transportation systems (including rideshares, livery, taxi, ferries, MBTA, Commuter Rail and transportation stations), in healthcare facilities and in other settings hosting vulnerable populations, such as congregate care settings.

Governor Charlie Baker will end the State of Emergency June 15.

The Administration also announced updates that will be effective May 18 to revise face covering requirements for youth and amateur sports and other guidance relating to childcare programs and K-12 schools. The Administration will release updated guidance for summer camps effective May 29.

The Administration is able to take these steps to reopen the Commonwealth's economy because Massachusetts is on track to meet the goal set in December to fully vaccinate over 4 million individuals by the first week of June. The Commonwealth leads the nation in vaccinating residents, with 75% of adults receiving at least one dose. To date, over 4 million residents have received a first dose, with 3.2 million fully vaccinated.

New cases have dropped by 89% since January 8. COVID hospitalizations are down 88% since January 1 and the positive test rate is down by 88% from peaking at 8.7% on January 1 to 1% today.

Effective May 29

Effective May 29, all industries will be permitted to open. With the exception of remaining face-covering requirements for public and private transportation systems and facilities housing vulnerable populations, all

industry restrictions will be lifted, and capacity will increase to 100% for all industries. The gathering limit will be rescinded.

All industries will be encouraged to follow CDC guidance for cleaning and hygiene protocols.

On May 18, 2020, the Administration [published the reopening phases](#), which called for ending restrictions when vaccines became widely available. Today, there are over 975 locations for Massachusetts residents to access vaccines without delay.

Face Covering Guidance

In line with updated CDC face covering guidance, the Administration will rescind the current face covering order and issue a new face covering advisory effective May 29.

Non-vaccinated individuals are advised to continue wearing face masks and to continue distancing in most settings. The advisory will also recommend fully vaccinated individuals no longer need to wear a face covering or social distance indoors or outdoors except for in certain situations.

Face coverings will still be required for all individuals on public and private transportation (including rideshares, livery, taxi, ferries, MBTA, Commuter Rail and transportation stations), healthcare facilities and providers, congregate care settings and health and rehabilitative day services.

Face coverings will also remain required indoors for staff and students of K-12 schools and early education providers.

Youth and Amateur Sports Face Covering Guidance

Effective May 18, the youth and amateur sports guidance will be updated to no longer require face coverings for youth athletes 18 and under while playing outdoor sports. Effective May 29, all youth and amateur sports restrictions will be lifted.

[Link to youth sports guidance](#)

K-12, Early Education and Summer Camp Guidance

Effective May 18, guidance from the Department of Elementary and Secondary Education and the Department of Early Education and Care will be updated to no longer require masks for outdoor activities like recess and to allow for the sharing of objects in classrooms, in both K-12 and childcare settings. This guidance will remain in effect beyond May 29.

The Administration will release updated guidance for summer camps, effective May 29, which will include no longer requiring masks for outdoor activities.

[Link to EEC guidance](#)

State of Emergency Order

Governor Baker will end the [State of Emergency](#) June 15, and the Administration will work with legislative and municipal partners during this period in order to manage an orderly transition from emergency measures adopted by executive order and special legislation during the period of the State of Emergency.

###

BOSTON — The Baker-Polito Administration announced that Massachusetts will move forward in the Commonwealth's reopening plan to reopen certain outdoor Phase 4 industries effective May 10th, as previously announced. The Administration continues to take steps to reopen the Commonwealth's economy with public health metrics continuing to trend in a positive direction.

On March 22, Massachusetts loosened restrictions and [advanced to Phase IV of the Commonwealth's reopening plan](#). Since then, daily new COVID-19 cases have dropped by 45%, hospitalizations have dropped by 23%, and deaths have dropped by 69%. All these metrics have dropped by around 80% or more since the beginning of the year. The Commonwealth also remains a national leader in COVID-19 vaccinations, and over 3.9 million people are fully or partially vaccinated, and Massachusetts is [on track to meet its goal](#) of vaccinating over 4 million people by the beginning of June.

Effective Monday, May 10th:

The Commonwealth will reopen certain outdoor Phase 4 industries.

- Amusement parks, theme parks and outdoor water parks will be permitted to operate at a 50% capacity after submitting safety plans to the Department of Public Health.
- Road races and other large, outdoor organized amateur or professional group athletic events will be permitted to take place with staggered starts and other appropriate safety measures after submitting safety plans to a local board of health or the DPH.

Additionally, large capacity venues such as indoor and outdoor stadiums, arenas and ballparks currently open at 12% capacity as part of Phase 4, Step 1 will be permitted to increase capacity to 25%.

Youth and adult amateur sports tournaments will be allowed for moderate and high-risk sports.

Singing will also be permitted indoors with strict distancing requirements at performance venues, restaurants, event venues and other businesses.

Grocery stores and retail stores with a pharmacy department should consider dedicated hours of operation for seniors, but will no longer be required to offer senior hours.

Additional Changes Anticipated to be Effective Saturday, May 29th:

Contingent on continued positive trends in the public health and vaccination data, on May 29th, additional sectors will be permitted to re-open and gathering limits will increase to 200 people indoors and 250 people outdoors for event venues, public settings and private settings.

The additional sectors that will be permitted to open include:

- Parades, street festivals and agricultural festivals, after submitting safety plans to the local board of health including measures for maintaining social distance, staffing and operations plans and hygiene and cleaning protocols.
- Bars, beer gardens, breweries, wineries and distilleries, which will be subject to restaurant rules with seated service only, a 90 minute limit and no dance floors.

Subject to public health and vaccination data, the restaurant guidance will be updated to eliminate the requirement that food be served with alcohol and to increase the maximum table size to 10.

Last week, the Administration also relaxed the Face Coverings Order for some outdoor settings and announced further reopening plans for August 1st.

For more information, visit mass.gov/reopening.

Effective Monday, March 22, the Massachusetts Travel Order will be replaced with a Travel Advisory.

- As of Monday, March 22, all visitors entering Massachusetts, including returning residents, are advised to quarantine for 10 days upon their arrival.
- Travelers are exempt from this advisory if they have a negative COVID-19 test result that has been administered up to 72 hours prior to their arrival in Massachusetts. If not obtained before entry to Massachusetts, a test may be obtained after arrival, as long as travelers quarantine until a negative test result has been received.
- Anyone who is returning to Massachusetts after an absence of fewer than 24 hours is exempt from this advisory.
- Workers who enter Massachusetts to perform critical infrastructure functions (as [specified by](#) the Federal Cybersecurity and Infrastructure Security Agency) are exempt from this advisory while they are commuting to or from or while at work.

Travelers who are fully vaccinated (i.e. who have received two doses of either the Moderna or Pfizer COVID-19 vaccines OR who have received a single dose of the Johnson & Johnson vaccine, 14 days or more ago) and who do not have symptoms are exempt from this advisory.

- Travelers are encouraged to consult and follow the CDC's guidelines and requirements for travel: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-during-covid19.html>

Press Release - Baker-Polito Administration Announces Transition to Phase IV of Reopening Plan

Massachusetts will advance to Step 1 of Phase IV on March 22; Replaces Travel Order with Travel Advisory

Baker-Polito Administration Announces Transition to Phase IV of Reopening Plan

*Massachusetts will advance to Step 1 of Phase IV on March 22; Replaces Travel
Order with Travel Advisory*

BOSTON — Today, the Baker-Polito Administration announced that Massachusetts will advance to Step 1 of Phase IV of the Commonwealth's reopening plan on Monday, March 22. The Administration continues to take steps to reopen the Commonwealth's economy with public health metrics continuing to trend in a positive direction. This includes drops in average daily COVID cases and hospitalizations. Massachusetts also continues to be a national leader in vaccination rates. The Administration also replaced the Massachusetts Travel Order originally issued in July 2020 with a Travel Advisory, effective March 22.

In addition, the Administration also announced nearly \$31 million in awards to 710 additional small businesses in the tenth round of COVID-19 relief grants administered by the Massachusetts Growth Capital Corporation (MGCC).

Phase IV, Step 1 and Gathering Changes:

On March 1, Massachusetts loosened capacity restrictions for several industries and advanced to Step 2 of Phase III of the reopening plan. Since then, hospitalizations dropped by 20% and deaths dropped by 24%. The seven day average of new cases in long-term care facilities dropped by 53%. The positive test rate remains below 2% and has been for several weeks now. The seven day average of new cases is also down over this time by 7%.

Effective Monday, March 22, all communities in Massachusetts will move into Step 1 of Phase IV of the state's reopening plan. This will open a range of previously closed business sectors under tight capacity restrictions that are expected to be adjusted over time if favorable trends in the public health data continue. Effective on the planned advancement to Step 1 of Phase IV, the following large capacity sports and entertainment venues will be permitted to operate at a strict 12% capacity limit after submitting a plan to the Department of Public Health (DPH):

- Indoor and outdoor stadiums
- Arenas
- Ballparks

Also effective on March 22, gathering limits for event venues and in public settings will increase to 100 people indoors and 150 people outdoors. Outdoor gatherings at private residences and in private backyards will remain at a maximum of 25 people, with indoor house gatherings remaining at 10 people.

Additionally, dance floors will be permitted at weddings and other events only, and overnight summer camps will be allowed to operate this coming summer. Exhibition and convention halls may also begin to operate, following gatherings limits and event protocols. Other Phase IV sectors must continue to remain closed.

Travel Order:

Effective Monday, March 22, the Massachusetts Travel Order will be replaced with a Travel Advisory.

The new travel advisory will urge all persons entering Massachusetts, including returning residents, are advised to quarantine for 10 days upon their arrival if they have been out of the state for 24 hours or more.

The advisory does not apply to anyone in the following categories:

- Anyone who is returning to Massachusetts after an absence of fewer than 24 hours.
- Travelers who have a negative COVID-19 test result that has been administered up to 72 hours prior to their arrival in Massachusetts.
- Workers who enter Massachusetts to perform critical infrastructure functions (as specified by the Federal Cybersecurity and Infrastructure Security Agency) while they are commuting to or from or while at work.
- Travelers who are fully vaccinated (i.e. who have received two doses of either the Moderna or Pfizer COVID-19 vaccines OR who have received a single dose

of the Johnson & Johnson vaccine, 14 days or more ago and who do not have symptoms).

Travelers are additionally encouraged to consult and follow the CDC's guidelines and requirements for travel.

COVID-19 Business Relief Grants:

Today, the Baker-Polito Administration announced approximately \$31 million in awards for 710 additional businesses in the tenth round of COVID relief grants administered by the Massachusetts Growth Capital Corporation (MGCC). As in prior rounds, each grant recipient meets sector or demographic priorities set for the grant programs administered by MGCC.

With the addition of this round of grants, the Administration has awarded over \$633 million in direct financial support to 14,056 businesses across the Commonwealth. Grants for this round were awarded to 327 minority-owned, and 293 women-owned, businesses; 240 recipients are located in Gateway Cities, and 245 businesses awarded grants have not received any prior aid.

Additionally, MGCC will soon be announcing the availability of funding to support small business technical assistance and community development financial institutions.

###

On Monday, March 1, 2021 the Marshfield Skate Park and Street Hockey Rink will both re-open because the Town of Marshfield has remained in the Yellow for two weeks! The Marshfield Board of Selectmen voted to re-open them at their February 22, 2021 meeting.

Please observe the following rules when going to the Skate Park our Street Hockey Rink or any other recreational facility in Marshfield.

- **Stay home if you feel sick**
- **Wear a face mask**
- **Practice Social Distancing**
- **Wash your hands often**
